

YNKEUMALICE - FALL GLOOM

**Fall gloom butt me
Za me feeling like I need a smoke
Feeling like new love
Feeling like I been on my own
Love to come soon
Love birds
Love songs
Fall gloom sad times
Love in the air
Like it's airborne
Feeling like it's my time to shiine**

**Fall gloom sad times
Make out here rolling stone
Vermont
Feeling like I want to go
Go somewhere nice
Want to get away
Long road trips in the fall
Beauty in the fall
Fall gloom**

**Fall gloom butt me
Za me feeling like I need a smoke
Feeling like new love
Feeling likÐµ I been on my own
Love to come soon
Love birds
LovÐµ songs
Fall gloom sad times
Love in the air**

Like it's airborne

Feeling like it's my time to shine

She a moll she gangster girl

She a moll she gangster girl

Get bashed then smashed

Drunk and love

Saying fall gloom

Say I want to see you night

In dress don't cry don't let your mascara

Run saying I meet you tonight
