

## **YNKEUMALICE - Superficial**

**Know i fall for you you don't fall for me  
Thinking you the one for me  
I'm just tripping can't get out my mind  
I can read you like a book  
I know you lying i know you  
Try to turn me on with your looks  
But you ain't loving me like i would for you  
Smoking on my za trying to forget you  
Saying i feel like posing go ahead pose  
Can't get your pretty face out my head  
Can't do this anymore  
Love some superficial**

**I don't know me  
I know you don't love me  
I know you don't fuck with me  
I don't know me lately  
I don't know you  
Say it hurts  
Broke bitch i know  
Superficial bitch i know  
I know you it's only for likes  
I know it's only for those like em  
Fucking up your heart treating you like  
Trash wasting time on guys who don't treat you  
Right i wasn't thinking right i was thinking with my heart  
And my parts**
