

## **Wilson Good - Tired**

**I've grown tired**

**I've grown tired**

**I've grown tired of noise outside my window**

**I've grown tired of ghosts that won't leave me alone**

**I've grown tired of myself like I'm all I have**

**Once everyone's gone**

**The world's grown tired**

**And we don't have very long**

**I've grown tired of noise outside my window**

**I've grown tired of ghosts that won't leave me alone**

**I've grown tired of myself like I'm all I have**

**Once everyone's gone**

**The world's grown tired**

**And we don't have very long**
