

Whitney Bjerken - Illusion

{Verse 1}

**Something bout you tells me
You don't really wanna stay
They didn't see you break down
You can tell them it's getting late
But the shows still running
You still got a part to play
But something bout you tells me
You don't really want to stay**

{Pre-Chorus}

**Even when you're done
Act like you're having fun**

{Chorus}

**Its all an illusion
Oooh
Oh oh
Oooh
Oh oh**

{Verse 2}

**Something bout you tells me you don't really wanna go
Always been taught to never let down the show
But there's gravity in the words in every echo
Something bout you tells me you don't really wanna go**

{Pre-Chorus}

**Even when you're done
Act like its still fun**

{Chorus}

Its all an illusion

Oooh

Oh oh

Oooh

Oh oh

{Bridge}

If someone had the antidote

Could lift the weight and make you float

Would you take it

Would you take it

If someone had the recipe

To decode all your darkest dreams

Would you make it

Would you make it

{Outro}

Oooh

Oooh

Its all an illusion

Its all an illusion

Its all an illusion

Its all an illusion

Its all an illusion, Its all
