

KHtheKARTOONiST - Depression.

{Verse}

**I don't quite feel like myself today
All I wanna do is lay in bed
What one were blue skies are looking grey
I wish that I could get out of my head**

{Verse}

**Beaten down and broken, I feel so exposed
My fragile, beating heart is on display
Smile for the camera so it doesn't show
That underneath the mask, you're not okay**

{Verse}

**I'm sick and tired of feeling uninspired
Life's not going quite to plan
Don't know how to cope with all my emotions
Guess that I was dealt a shitty hand**

{Refrain}

**I don't quite feel like myself today
(Like myself)
All I wanna do is lay in bed
(Just lay in bed)
What once were blue skies are looking grey
(Looking grey)
I wish that I could get out of my head
(Get out of my-)
I wish that I could get out of my head**
