

## Artemas - "Rule the world"

{chorus}

When i wrap my arms around your girl

Oh, i swear, i feel like i could rule the world

Get a fistful of her hair, i make her do a little twirl

And i swear, i feel like i could rule the world

When i wrap my arms around your girl

Oh, i swear, i feel like i could rule the world

Get a fistful of her hair, i make her do a little twirl

And i swear, i feel like i could rule the world

{verse 1}

But, when i caught you staring in the corner of my eye

I could tell {?} over

But i noticed every time

Every night i stopped to wonder how the {?} feels so right

Get a fistful of your hair every time i close my eyes

{pre-chorus}

Ooh, don't act like it's nothin'

Nothin' but

You don't need {?}, somethin', somethin' for love

{chorus}

When i wrap my arms around your girl

Oh, i swear, i feel like i could rule the world

Get a fistful of her hair, i make her do a little twirl

And i swear, i feel like i could rule the world

{verse 2}

But, you too careless, baby

Way too careless, baby

I can't drive you home

**No, i can't drive you home  
But i can drive you crazy  
I can make you hate me  
I can make you {?}  
I could shake your bones**

**{pre-chorus}**

**Ooh, don't act like it's nothin'  
Nothin' but  
You don't need {?}, somethin', somethin' for love**

**{chorus}**

**When i wrap my arms around your girl  
Oh, i swear, i feel like i could rule the world  
Get a fistful of her hair, i make her do a little twirl  
And i swear, i feel like i could rule the world  
But, when {?}, you could rule the world (i feel like i could rule the world)  
{?} (get a fistful of her hair, i make her do a little twirl)  
(i feel like i could rule the world)**
