

# **Wilson Good - I Like Doing Drugs With You**

**{Verse}**

**I hate everybody in this city  
But I don't mind you  
Tell me why you're crying over breakfast  
When I'd do anything not to hurt you**

**Get me out of L.A  
I've been missing the snow  
You've been wearing away  
And I've been trying to grow  
Stuck in my old ways  
Changing the radio waves  
Maybe I'll rotate  
Maybe I'll change  
Maybe I'll break  
Finally let somebody love me**

**{Pre Chorus}**

**I know it's hard when reality is creeping in  
And life deals so many fucking consequences  
But nothing hurts when you're in my bed  
In my head, so get into it cause I'm already so far in**

**{Chrous}**

**I like getting close to you  
I like doing drugs with you  
I like making love to you  
I want you to want me too**

**{Chorus}**

**I like getting close to you  
I like doing drugs with you**

**I like making love to you  
I want you to want me too**

**{Verse}**

**You're making assumptions  
I've been a bad one  
Given my last name  
I could probably get away with it  
But I wanna show you I've changed  
Reality's different these days  
Maybe I've had too much MDMA  
You know I'm delusional baby  
You're an addiction and there's no escaping**

**Get me out of L.A  
I've been missing myself  
I've been wearing away  
I've been going through hell  
Stuck in my old ways  
Changing the radio waves  
Maybe I'll rotate  
Maybe I'll change  
Maybe I'll break  
Finally let somebody let me**

**{Chorus}**

**I like getting close to you  
I like doing drugs with you  
I like making love to you  
I want you to want me too**

**{Chorus}**

**I like getting close to you  
I like doing drugs with you**

**I like making love to you  
I want you to want me too**

**{Chrous}**

**I like getting close to you  
I like doing drugs with you  
I like making love to you  
I want you to want me too**
