

Oscar Lindsey - Susan

{Verse 1}

Susan's like a fish
She's got scales and fins
Cut off from oxygen
Flopping like she's dead

{Chorus}

What an ugly kiss
Shouldn't do what he did
This world would be boring
If Susan were not to exist

{Verse 2}

She's got a lot to do
Some things they never change
I think I want her bad enough
To make her have to wait

{Verse 3}

All she wants to do
Is break apart the glue
That closes up the wound
It'll get infected soon

{Chorus}

What a stupid kiss
You shouldn't do what she did
This world be boring
If Susan were not to exist
