

Wilson Good - Hydrated

{intro}

**(Keep you hydrated
Never run dry again you'll see
With all of the lights faded
And your attention locked on me
Every indication you've been needing a change
Well here I am
And I'll keep you hydrated
I'll keep you hydrated)**

{Verse}

**Said you've been thirsty
It hasn't rained in Los Feliz since mid-January
We got to talking over drinks
Words spilling out of my teeth
Told you why I left Tennessee
You talked about your family
And the first time you did LSD**

{Pre Chorus}

**Put me under your tongue
Promise I can be sweet
Once you taste me on your lips
Won't be able to get enough of me
Wash me down with Tanqueray
And then invite me in to stay
I'll keep you hydrated
I'll keep you hydrated, ooh oh**

{Chorus}

**Keep you hydrated
Never run dry again you'll see**

With all of the lights faded
And your attention locked on me
Every indication you've been needing a change
Well here I am
And I'll keep you hydrated
Keep you hydrated

{Chorus}

Keep you hydrated
Never run dry again you'll see
With all of the lights faded
And your attention locked on me
Every indication you've been needing a change
Well here I am
And I'll keep you hydrated
I'll keep you hydrated, ooh oh

{Verse}

Hit a wall, broke down, then
You came along like a waterfall
And washed all my hurting away
Now I'll do the same for you
But like a tidal wave
And I'll hydrate down to your bones
Electrify, be your electrolyte
Bring you back to life
Get you out of your clothes
Don't be afraid
I'll keep you hydrated
(I'll keep you hydrated)
I'll keep you hydrated, ooh oh

Keep you high

**Keep you high
Keep you high
Keep you high
Keep you high
Keep you high**

{Pre Chorus}

**Put me under your tongue
Promise I can be sweet
Once you taste me on your lips
Won't be able to get enough of me
Wash me down with Tanqueray
And then invite me in to stay
I'll keep you hydrated
I'll keep you hydrated
I'll keep you hydrated, ooh oh**

{Chorus}

**Keep you hydrated
Never run dry again you'll see
With all of the lights faded
And your attention locked on me
Every indication you've been needing a change
Well here I am
And I'll keep you hydrated
I'll keep you hydrated
I'll keep you hydrated, ooh oh**

{Chorus}

**Keep you hydrated
Never run dry again you'll see
With all of the lights faded
And your attention locked on me
Every indication you've been needing a change**

Well here I am
