

Oscar Lindsey - Summer

{Verse 1}

How can you recognize
With the fog so badly in your eyes
Swimming past the bank
Watching all of the feelings that sink
Oh there it goes
I can see the tears in your eyes
Oh feels like years
Since I've been able to cry

{Verse 2}

Deep purple blue in the sky
How it looks when the day turns to night
The hue lights up the air
With feelings you could never compare
Oh there it goes, to the glimmer that's in my eyes
Oh like it shows
On a deep purple blue summer night
On a deep purple blue summer night
