

icherishuale - krashout

{Intro}

Ah, ah, ah

{Chorus}

**Like Tay-K, foenem do the race
Music is growing at a steady pace
Don't got a pool, hit him with a mace
Real crashout, feeling like I'm Jace!
You think I'm done? Nigga, where you going?
I like this beat, that is why I am flowing
Knock that boy down like we playing bowling
That's not your bitch, yeah, I know she hoeing
You got {?}, nigga, use a Trojan
Gas got me coughing, no, I don't got COVID
I'm in my prime, yeah, I look like Logan
You want some money, nigga? You want motion?**

{Verse}

**I gotta stop fucking with these hoes
Yeah, that bitch down bad, she for the team
And this bitch wanna fuck it with me
And her nigga like, "Bae, what do you mean?"
That nigga a fiend, sippin' on that {?}
I cannot be caught sippin' on that green
EyĐµs on me, pull up to the party, I'm the flyĐµst nigga in the scene
