

Whitney Bjerken - Entity

Sorry you thought that I could make it
I guess you just thought I wouldn't break it
Both my hands on a loaded gun
But somethings telling me to run away
Sorry you didn't know that I was leaving
I guess we should've known I'd be deceiving
Back and forth and in-between
Like somethings got a hold on me to stay

Ooh there's an entity
And it follows me breathing on the back of my neck
It's watching every move to see which one I make next, woah
Ooh, is it the enemy
Though the identity remains a matter unknown
I get the strangest feeling that she's
One of my own

{Verse 2}

Part of me knew that I'd end up here
Turning onto new roads when they appear
Did you think I'd never change
It hurt me too to rearrange things
But I'll keep pushing forward when you pull me back
And I don't care how hard you try to make me crack
You're loosing when I'm choosing what's best
And I'm happier than ever and shit
I bet you would've never guessed, oh
Ooh there's an entity
And it follows me breathing on the back of my neck
It's watching every move to see which one I make next woah
Ooh Is it the enemy
Though the identity remains a matter unknown

**I get the strangest feeling that she's
One of my own**

{Bridge}

Don't tell me what to do

Don't tell me what to say

Don't tell me what to do

Gotta get you out of my way

Don't tell me what to do

(and I'll keep pushing forward)

Don't tell me what to say

(when you pull me back)

(And I don't care how hard you try to make me crack)

Don't tell me what to do

(I'll keep pushing forward)

Gotta get you out of my way

(when you pull me)

(When you pull me back

When you pull me)
