

YNKEUMALICE - VINEGAR

**Say life has its ups and downs
Don't mind the rain
Just don't want to be caught in a storm
Feeling like life is more to it
Feeling like this chapter one
Feeling like the worlds mine
Feeling like like I'm on a throne
Chopped all day
High all day
Touch grass and it feels so different
Whispers in the window**

**Looking in the mirror question who I am
Don't recognize myself
Feeling like I'm a new me
Trying to discover myself
Trying figure who I am
Wondering what life really about**
