

Colourblind - Torched

{Verse}

**Wipe out, sealed in
Feeling, thrown out to the big deep blue
Wiped out, sealed in
Stealing your point of view
Off that, torched and
Failing to find darkness when it's always noon
Off that, torched and
Holding the night like the moon**

{Chorus}

**The light will bend
To what is made
Respect the blend
To guide our way**
