

## **Colourblind - Changing Seasons**

**{Verse 1}**

**Moving fast, faster than sound  
Gave it all and fell for another  
Well the gin and tonic  
Only pulls the covers for so long  
Moving slow, close to the ground  
From afar, distance for love  
It doesn't make a difference  
I want to be someone else**

**{Chorus}**

**Cracking to pieces before it had a  
Chance to grow  
Is it leaves falling in the changing seasons?  
I don't know**

**{Verse 2}**

**Little finger, tied to a slipping glove  
Like an anchor, sink to the bottom again  
When will the sun roll out and bring me to life?  
Thinking fast, I can't hear a thing  
Moving slow, it just doesn't work for me  
I got tangled in your roots reaching for someone else**

**{Chorus}**

**Cracking to pieces before it had a  
Chance to grow  
Is it leaves falling in the changing seasons?  
I don't know**

**{Bridge}**

**Count my breaths in my head**

**It's been so cold but  
It's warmer tonight  
Count my breaths, in my head  
It's been so cold but  
It's warmer tonight  
It's warmer tonight  
It's warmer**

**{Break}**

**Cracking to pieces before it had a  
Chance to grow  
Is it leaves falling in the changing seasons?  
I don't know  
Cracking to pieces before it had a  
Chance to grow**

**{Chorus}**

**Is it leaves falling in the changing seasons?  
I don't know**

**{Outro}**

**Ooh-ooh-ooh, ooh-ooh  
Ooh-ooh, ooh  
Ooh-ooh-ooh, ooh  
Ooh-ooh, ooh**
