

Wilson Good - Violent

{Intro}

I love you so violent

{Verse}

**If tragedy unfolds, you'd be a ghost in my head
I'd lack the confidence to move on, I'd be better off dead
You're getting bored of me
And I'm just spinning out like I'm a novice
So unimportant to the egos I'm stroking
Dying to impress**

**I don't want you to leave tonight
Don't you know that your heart is the same as mine
Swore I've known you a thousand times
And I love you so violent**

{Chorus}

**Wake me up
Two AM
Feed your appetite
I love you so violent
I love you so violent**

{Chorus}

**Wake me up
Two AM
Feed your appetite
I love you so violent
I love you so violent
Make me yours, you can take it out on me
I'm your baby only if and when you need**

Call me up, I'm already speeding over
Had enough? Find out you don't like me sober
Make me yours, you can take it out on me
You're my only, I don't care if you hate me
Call me up, I'm already speeding over
I know you don't like me sober

{Chorus}

Wake me up
Two AM
Feed your appetite
I love you so violent
I love you so violent

{Chorus}

Wake me up
Two AM
Feed your appetite
I love you so violent
I love you so violent

(you can take it out on me)
