

Adam Ford - Wet 4 Real

{Intro: Adam Ford, Sanjay Ballerton}

I got my head on a swivel, are you tailing me or just walking?

Prolly somewhere in the middle, they know us but they're scared to stop â€œem

Fake upping your water pistol, might take first cause you're balking

Try to speak us civil, before my super soaker start talking

{Chorus: Adam, Sanjay}

Wet 4 Real, Wet 4 Real

Hydro-powered blasters, leave you swimming with the seals! We get

Wet 4 Real, Wet 4 Real

Set the mode to ice cold, how that's water feel? We get

Wet 4 Real, Wet 4 Real

Soakers heavy but my arm's strong, feeling like I'm Neil! We get

Wet 4 Real, Wet 4 Real

I think you might need more than a towel to heal! We get

{Verse 1: Adam Ford}

We're at your door and we blasting

Soaker is plastic, hitting with major compaction

Splash anybody, I don't have compassion

Wet wood floors, the damage is lasting

Last week, me and Sanjay had a blast streak

Went to our rivals spot, did a vast sweep

Turned a cul-de-sac to a vast creek

Turned a driveway to a moat

Only way to leave is now boat

Only thing we left was a note

That said â€œhope you know how to floatâ€•

And last night, heard from a source I can't cite

What I can say is us renegades, might take it further next time cause we get

{Chorus: Adam, Sanjay}

Wet 4 Real, Wet 4 Real

Hydro-powered blasters, leave you swimming with the seals! We get

Wet 4 Real, Wet 4 Real

Set the mode to ice cold, how that's water feel? We get

Wet 4 Real, Wet 4 Real

Soakers heavy but my arm's strong, feeling like I'm Neil! We get

Wet 4 Real, Wet 4 Real

I think you might need more than a towel to heal! We get

{Verse 2: Sanjay}

Flooding the city, I feel like Poseidon

Upping the soaker and it got em frightened

Splash the target, then collect my stipend

Me and Adam, locked in like a hyphen

My style they're biting (ow), wait you can't bite water

Staking em out, ran into a squatter

Gave him half, he served as my spotter

Go for the lottery, better chance than tryna soak us

Not much to bother me, I grab a soaker and go nuts

Water's a part of me, it's part of you too but not nearly enough

And I feel like I'm Artemis, when I get a target I go on the hunt

Turned Newark to New Orleans

I stay water absorbent

Made hits, no recordings

We're Wet Boyz, important

My opps like James Corden

They're rude and corny, ignore them

We soaked your block at like 4:10

Now to get home, go snorkeling

{Chorus: Adam, Sanjay}

Wet 4 Real, Wet 4 Real

Hydro-powered blasters, leave you swimming with the seals! We get

Wet 4 Real, Wet 4 Real

Set the mode to ice cold, how that's water feel? We get

Wet 4 Real, Wet 4 Real

Soakers heavy but my arm's strong, feeling like I'm Neil! We get

Wet 4 Real, Wet 4 Real

I think you might need more than a towel to heal! We get

{Outro: Adam Ford, Sanjay Ballerton}

I got my head on a swivel, are you tailing me or just walking?

Prolly somewhere in the middle, they know us but they're scared to stop â€˜em

Fake upping your water pistol, might take first cause you're balking

Try to speak us civil, before my super soaker start talking
