

# CAIRO! - GET IT

{Chorus}

Girl, I want you all up on me  
You know I love your body  
I didn't come here for talkin'  
No, I came here to party  
So, come on, let's get this started  
Righ--, right now, let's quit the stallin'  
Let's head back to my apartment  
We can fuck like no one's watchin'

{Verse}

When you bad with me, no stressin'  
I'm not just out here flexin', yuh  
I'm all about my chicken  
But I'll eat you up for breakfast  
Life get messy when we sexin'  
Babe, that's just what feel the best, uh  
Girl, forget your ex man  
I know I can get you better  
Rollin' one, Henny and a swisher  
Shit, I just might kiss her  
She just changed her Insta'  
To "CAIRO! gets me wetter"  
And you know that I believe her  
'Cause her pussy the meanest  
She don't fuck with many n\*\*\*\*\*  
She don't love that other n\*\*\*\*

{Chorus}
