

Achampnator - We turn it up!

**Our goal is unknown
Everywhere in this land
Danger is lurking, but we are strong
Whatever happens
Wherever the road goes
You are never alone**

**We always keep watch
Protect each other through the night
We fight against the darkness
You can rely
And trust in me
You are never alone**

**No one can stop us now, we're on the run
We turn it up, we'll never give up
Here we come
Whatever may come
Stay with me**

**We stand up
We turn it up
We hold on together**

**Each of us must be a fighter now
We stand up
We turn it up
Together we are stronger
And we will free the world
Free the world**

**We stand up!
We turn it up!
We hold on together!
Each of us must be a fighter now!**

**We stand up!
We turn it up!
Together we are stronger!
And we will free the world!
Free the world!
Free the world!**

**We stand up!
We turn it up!
We hold on together!
Each of us must be a fighter now!**

**We stand up!
We turn it up!
Together we are stronger!
And we will free the world!
Free the world!
We stand up!
We turn it up!
We hold on together!
Each of us must be a fighter now!**

**We stand up!
We turn it up!
Together we are stronger!
And we will free the world!
Free the world!
Free the world!**
