

William Caesar & Claire Caesar - Hummingbird

{Chorus: William Caesar & Claire Caesar}

**Talk with me & we'll be another one for the books
Look at trees & you will see families in the woods
Hummingbird & a lonely crow, not meant for each other
But they can surely be a sister & a brother**

{Verse 1: Claire Caesar}

**I'd love to get you out your shell
You're grown enough to look & tell
Know your own fears, ones you can smell
But you flew high & then you fell**

**The crow needed a little hold
The crow didn't want anymore
But the hummingbird always talked
Annoying love, but it was brought**

{Chorus: William Caesar & Claire Caesar}

**Talk with me & we'll be another one for the books
Look at trees & you will see families in the woods
Hummingbird & a lonely crow, not meant for each other
But they can surely be a sister & a brother**

{Verse 2: William Caesar}

**The hummingbird had always spoke
Fairytale told like they were jokes
Made the crow talk a little more
Thoughts turned to words made the crow cope
The crow fell back down once or twice
But the hummingbird spoke so nice
Pushed the hummingbird back some times**

But the hummingbird always tried

{Chorus: William Caesar & Claire Caesar}

Talk with me & we'll be another one for the books

Look at trees & you will see families in the woods

Hummingbird & a lonely crow, not meant for each other

But they can surely be a sister & a brother

{Outro: Claire Caesar & William Caesar}

Brubby, listen to this

Te amo hermano

Where did you learn that?

I got some tricks up my sleeve

You never told me that.

I didn't?

No, what language was that?

I guess I don't tell you enough
