Lone Assembly - Seven Souls

{Verse}

I think I know what's on your mind

Memories of ghosts walking in lines

I know you live like that

On highways, fields of glass

{Chorus}

So don't you tell me to crawl

In a swamp you control

Why don't you tell me to crawl

Every time you get bored?

Every night in my head

I'm coming back from the dead

Can you let me and my seven souls

Free from the cage we fell in?

{Verse}

You say I give up easy, I

Freeze like a deer in the headlights

Around you, every time

Nobody's here to last

{Chorus}

So don't you tell me to crawl

In a swamp you control

Why don't you tell me to crawl

Every time you get bored?

Every night in my head

I'm coming back from the dead

Can you let me and my seven souls

Free from the cage we fell in?

{Outro}

We fell in

We fell in

We fell in

We fell in
