Cause he ain't go away (no, no, no)

He ain't go away, no, he ain't go away (go away)

He ain't go

He ain't go

He ain't go, go, go

{verse 1: a3}

Had to get lit, like this

Off rip, i stay with it

I say, the father, the son, holy spirit

I live it and i want it and i know who i am

And it shows

Breath in my lungs, overflows

When i speak, it's to you

I don't gotta fight back, it reflects

Look at the sight, yeah, he wept

Look at my life, out of dirt

You my remedy, you my melody

Yeah, you took all my shame

New identity, new identity, oh

{verse 3: adamariz}

How we claim to love him, but don't feed his sheep?
I should've been od, just like lil peep
Can't help but think
Of every time he was faithful
Can't help but seeing, he ain't go away
Even when i was ungrateful
Grandma died and it left me unstable
Should've passed when i crashed
Wasn't able to comprehend his grace
That he spared me from an early grave, what a save
What a savior
Went from feeling like a failure to a traitor
To know when he is greater than my thoughts and my behavior
I'm really blessed with his favor

{hook 2: a3}

He ain't go
He ain't go
He ain't go, go, go

{outro: adamariz}

It's lit, we live from the h
Got a3 and mvkeyyj, we reppin' jesus' name
And we got that texas slang
Never drank lean to numb the pain
But i see purple hearts anyways
He ain't go away
I'm still unashamed, so this song i sang
He ain't go away
