

Ä...zzie DÄ,th - Murder

Days are gettin cold, like the ice age
Yea, i seen it all, just wipe off that memory
Seen it all before, and i know now
I must hunt down all my enemies
Yea n in rainy days i can see them anyways
When its time i ain't gonna come here just to play
Run away, but you're gonna see me anyways
In your dreams, in nightmares, n out in alleyways
I await
Hanz on ma tooly
Now my hands are all bloody
100 shots to ya body
I remember
In december
Imma grab my gun n imma put you
In a slumber
Murder, i might put it in a white lie
Murder, i might put it in the right mind
Murder, i might put em in a lifeline
Murder, i might do it in a lifetime

(in a life time)

(wish i could treat u right)

(but i can't)

You know i hate him
He did you wrong
So i had to get my retaliation
You don't want me to do it
But i got murder on my mind
I got intrusive thoughts

Got a knife in my hand
Then i watched you cry
One, two, three stabs to his neck
Now i killed him
I can't cope with the way that i'm feelin
I thought you would be happy
But i didn't realize i would leave u terrified
I just keep my head down
They all plan to leave you if i died now
I'm too fucked up baby all i see is red now
I just think about how i'm burnt out
Hey, chose a sin for me
Hey lovely would you sin for me?
Just hear this symphony of suicide if you're missing me
Woah, the sun is fallin
Woah, the sky is fallin down
I don't hate you, hear me callin
Wish that i could be around

I wish that i could be close to you now
My sky is falling, can't you see?
Would you kill for me?
Would you sin for me?

Can i fucking kill you with my right hand?
I really wanna end your life
I never wanna find you alive
Let me take your skull, let me take your skin
Will you let me take it off tonight?
Could we rot inside your grave tonight?
Can you let me destroy life?

Open up

She dance on my fuckin skull

Don't wander into my soul

Don't wander into my soul
