

# **Zeon - Damage Control**

**{Verse 1}**

**I tried it  
I faked it  
Put a smile- taking the blow  
Now my world's so badly sown  
Thoughts creeping  
Get sicker  
The shards are cutting deeper  
I'm breaking  
And rushing to the top**

**{PreChorus}**

**Shining full of darkness  
Wanna erase the madness  
Wonder if my sadness  
Ever set me free  
Breaking all in vain  
I pushed beyond my limit  
Just to be alive  
Now I can't feel**

**{Chorus}**

**I cry my blood into melodies  
Where I sing and feel I'm free  
I'm trapped inside a body  
With mechanical needs  
But that's just the real me**

**{Verse 2}**

**Relentless**

**Taking pride**

**I make believe even if my**

**Inside is all crushing up**

**Everyday**

**Gets darker**

**And only makes me stronger**

**Best part is - I got it on my own**

**{PreChorus 2}**

**Shining full of darkness**

**Wanna erase the madness**

**Wonder if my sadness**

**Ever set me free**

**Wanted to be like them**

**Now just wanna be me**

**Cause I'm not yet who**

**I'm meant to**

**{Chorus}**

**I cry my blood into melodies**

**Where I sing and feel I'm free**

**I'm trapped inside a body**

**With mechanical needs**

**But that's just the real me**

**{Bridge/Outro}**

**My head's back in the trunk**

**My heart rushes the road**

**And I'm ready to roll**

**I'm on Damage Control**

**My heart rushes the road**

**And I'm ready to roll**

**I'm on Damage Control**

**Da-Da-Damage Control**
