

# **Kid Wcked - o p e n . y o u r**

**{intro}**

**Open your eyes**

**Open your mind, oh a**

**Open your heart, look**

**Look to the skies, oh, oh**

**{verse 1: kid wcked}**

**Resisting the urge to get stuck in my ways**

**Shifting my focus back to living comfortable, hey**

**Sometimes i think of hitting my ex-baes**

**Wondering if what i'm missing is the love or the play**

**I might do it too, then again, fuck a bird**

**Started lashing out at my mom, probably just wanna be heard**

**Now i don't even give a fuck if our terms are the worst to be on**

**But fuck a sorry, i'm gone, too in my head if i'm honest**

**Maybe it's resentment i've built up over the years**

**Come to fuck with our relationship, now that i'm here**

**17, maybe i think i'm grown**

**Maybe i'm mad about some shit that i should've let go**

**Emotions building up, bubbling over, cover blown**

**Cap busted, can't hide how i'm feeling anymore**

**To the point where i'm pushing myself away**

**From the people who chose to stay**

**But still, something is telling me to hold on**

**{chorus}**

**Open your eyes**

**Open your mind**

**Open your heart**

**Look to the skies, it'll be alright**

**Open your eyes, let me show you what i mean**

**Open your mind, maybe show me who you are**

Open your heart, won't you let that love back in  
Look to the skies, you can see me in the stars  
Never thought of myself as a survivor, but i did that  
It's weird to think about, and it feels that  
I feel that pressure to be better than i was, and i should  
To prove to them i can learn to be good

Be able to say i'm okay and really mean it  
I'm feeling fear, and i'm healing, i mean, i'm feeling  
I mean i'm fine, i'm fine, i'm fine, i'll say it until i believe it  
Then maybe i'll be it, but who's to say, maybe lies that i'm speaking  
Regardless, i hope y'all know i ain't heartless  
In the moments that i'm less than positive, optimism departed  
I'm seeking a balance that hopefully won't be sought in vain  
I just don't want y'all to look in my face and see the pain  
I'm saying, i know i'm far from perfect, believe me, i fucking know  
But i want you to see i'm trying, i'm trying to grow  
And to the people i hurt, i beg forgiveness  
Within it, i hope that you maybe just think to

{chorus}

Open your eyes  
Open your mind  
Open your heart  
Look to the skies, it'll be alright  
Open your eyes, let me show you what i mean  
Open your mind, maybe show me who you are  
Open your heart, won't you let that love back in  
Look to the skies, you can see me in the stars  
I understand it's not easy being with me  
You'll want me when it's too late, vice versa, what a pain  
I'm sick of going through this cycle we should be a team  
Everybody seems to have their somebody to lean on

**Went through our discussions, now to facing repercussions  
From mistakes i made but we gotta keep moving, doing something  
Lost myself to the abyss, a detour route to my becoming  
If you're still around, one day let's roll up, sharing a blunt could**

**{chorus}**

**Open your eyes**

**Open your mind**

**Open your heart**

**Look to the skies, it'll be alright**

**Open your eyes, let me show you what i mean**

**Open your mind, maybe show me who you are**

**Open your heart, won't you let that love back in**

**Look to the skies, you can see me in the stars**
