

## **Hokus Pokus - She's on My Mind**

**Please don't mind if I seem to be wasting time  
My mind has been sidetracked  
Please don't mind if I don't seem to sleep at night  
And don't mind if things just don't seem right**

**Oh, I remember her, just like yesterday  
Oh, she's on my mind  
Oh, I remember her, just like yesterday  
And, oh, how happy we could be**

**She left just last May  
To a place she would not even say  
Oh, how I've tried to get in touch with her  
With no results from day to day**

**Oh, I remember her, just like yesterday  
Oh, she's on my mind (She's on my mind)  
Oh, I remember her, just like yesterday  
And, oh, how happy we could be**

**Ah, yeah, baby**

**Letters come and letters go  
But I want no one to know that I'm losing you  
People been asking, saying, How are we?  
But I can't lie to them, oh, can't you see  
Oh, I remember her, just like yesterday  
Oh, she's on my mind (She's on my mind)  
Oh, I remember her, just like yesterday  
And, oh, how happy we could be**
