

# **Aidxn cook - WHERE ARE YOU NOW?**

**(intro)**

**Where are you now?**

**(verse 1)**

**Every time**

**I think about you**

**In the dead of night**

**And i'm all alone**

**I let my mind**

**Wonder down this twisted road**

**Where i find myself**

**Out on the boulevard of broken dreams**

**(pre-chorus)**

**I would've walked away**

**If i had known the truth**

**Now i can't help thinking**

**(refrain)**

**Where are you now (where are you, where are you)**

**Oh when i need you the most**

**You're nowhere to be found**

**And i don't know how to do this alone**

**YĐµah i don't know how to do this alone**

**(verse 2)**

**Why'd you go and run your mouth**

**Acting likĐµ i won't find out**

**I thought you knew me better than that**

**(oh woah)**

**I know i was picking fights**

Seems like i fucked it up last night  
Screaming i can't do this anymore (anymore)  
(pre-chorus)

I would've walked away  
If i had known the truth  
Now i can't help thinking

(refrain)

Where are you now (where are you, where are you)  
Oh when i need you the most  
You're nowhere to be found  
And i don't know how to do this alone  
Yeah i don't know how to do this alone

(outro)

I'm stressing  
Regretting  
All these choices in my past  
Not sleeping  
You're leaving  
Some things could never last
