

Natas Loves You - Naked People

{Verse 1}

Naked people in the afternoon
Can't come a minute too soon
Feel them running carelessly
Feast your eyes
It's for all to see

{Verse 2}

Oh man I'm feeling it again
When i shake off
The dead weight
The clouds are shifting and I bet
That today's
Gonna turn out great

{Chorus}

Naked
Naked people
This can't be
This can't be for real
Naked people come together
All surrender
To the weather
Yeah

{Verse 3}

Naked people in the night time
You can be sure I'm feeling just
Fine
The fire's slowly setting in
It won't lift until morning

{Chorus}

Naked

Naked people

This can't be

This can't be for real

Naked people come together

All surrender

To the weather

{Bridge}

Surrender, surrender

To the weather

Surrender, surrender

To the weather

{Verse 4}

Naked people at the crack of dawn

I can't believe it has been that long

Maybe next time around well start our fire

Maybe next time around well get higher

{Chorus}

Naked

Naked people

This can't be

This can't be for real

Naked people come together

All surrender

To the weather

Yeah
