

Joseph Pod - Pipe Down

**Baby you need some time away from me
Away from me**

**Can i call you baby
Cause you my number one lady
I been wantin' you lately
Cause girl you makin' me crazy
(so crazy)**

**I need you baby
(need you baby)
You the girl who gon' save me
But to be honest i don't even wanna go home with you tonight**

**Cause you get attached when i don't feel nothin'
You feel away and i seen it before
You switch up, but i still get you blushin'
So pipe down baby
Pipe down**

**Imma leave for some time baby girl
Give you space to figure it out
Missed calls i can tell you still want me**

**Baby you need some time alone (ooh, oh, oh)
Baby you need some time away from mĐµ
Away from me
So won't pipe down
Baby pipe down
So won't you pipĐµ down
Pipe down**
