

Noah Britton - I'm Gonna Miss You

**What do I need
To say to you
Before I can't anymore**

**I love you
And thank you
So much cuz I was born**

**I never knew
How hard it is
Having kids when I was young
I gotta show my gratitude
Before your life is done**

**You did pretty good
I'm still alive
I made it through my childhood**

**And I know
You always tried
As hard as you possibly could**

**And I'm
Gonna miss you
Yeah I'm
Gonna miss you
What would you like from this life before you go?
Is there anything I can do or anything I should know?**

**There's one thing I've never had the courage to just ask you
It's scary but I might never get another chance to**

Are you proud of me or sad?

Did I do ok or bad?

I'm gonna miss you

Yeah I'm gonna miss you
