

BOOTS - Thru The Roof

{Chorus: BOOTS}

All my love

Through the roof

Through the roof

It's yours

All I have

Through the roof

Through the roof

{Verse 1: BOOTS}

Can you keep me by your side?

Both our bodies intertwined

Can you keep me on your mind?

'Cause you know you're all mine

Hey, can you ease these raising thoughts?

When I fall, I know I'm caught

Can you keep my soul untied?

So we can go through the roof

Don't you know that it's all yours?

{Chorus: BOOTS}

All my love

Through the roof

Can you keep up?

Through the roof

Can you keep up?

I'm never giving you up

All I have

Through the roof

Through the roof

{Verse 2: BOOTS}

Can you keep up with my eyes?
When I drift into the sky
Can you run and push and fight?
Just to be with me tonight
Can you get me off the ground?
Supersonic mushroom cloud
Can we start another life?
'Cause you make me feel alive
Can you feel it? Ooh

{Chorus: BOOTS}

All I have
Through the roof
Through the roof
I'm never giving you up
All I have
Through the roof
Sending me, through the roof
Can you keep up? Can you keep up?

{Chorus: BOOTS}

All I have
Through the roof
Through the roof
I'm never giving you up
All I have
Through the roof
Sending me, through the roof
Can you keep up? Can you keep up?
