

Billie Bust Up - The pirate queen is the worst

{Verse 1}

The Pirate Queen is clever and mean

Her treasure well hidden it's told

It's deep in a cave and ye better be brave

To be takin' her silver and gold

Some tried to find it, all of them failed

Their souls trapped forever it's said

But if ye listen close then I'll riddle the way

But it's more likely you'll end up dead

{Chorus}

Beware, be wary, be quick!

For The Pirate Queen's cave is cursed!

Beware, be wary, cause it's flipping scary

The Pirate Queen's cave...is the worst!

{Verse 2}

She prays to the god of riches and greed

And is said to have wealth without end

So what could you want when you have everything?

If I knew I would tell you my friend

When she throws a party then everyone there

Better dance or start saying their prayers

So find ye a partner and best Do it quick

'Cause the queen wants you dancin' in pairs

{Chorus}

Beware, be wary, be quick!

For The Pirate Queen's cave is cursed!

Beware, be wary, cause it's flipping scary

The Pirate Queen's cave...is the worst!
