

Mr Tout Le Monde - My Lover

{verse}

Please tell me something i would believe
All i hear is spells without meaning
Get your head out there from the cover
If you want me to call you my lover
Please send me something i can receive
Hurry up before i leave
You can even make it in a whisper
If you want me to call you my lover

{hook}

No-
And i call you my love
No-
And i call you my lover
