

Slake Dransky - Juliet

{Chorus}

A rose is not a rose

It's a weary tattoo template for everyone that I know

It's love in a conversational tone

{Verse}

Emotional acrobatics at the Ludlow bar on vacation

While the song you said

Reminds you of your ex keeps playin'

{Verse}

Raise my arms, I wash my body

Can change my name in hotel lobbies

Tell me that you want me while you

Sneak me out the back

{Hook}

Juliet

Juliet

Juliet

{Verse}

Waiting out an ambient and wondering where I'll go

Getting drunk on expectations someone take my phone

(Take it, lose it)

{Chorus}

A rose is not a rose

It's a dollar store commitment

It's a flexible yes (What's your name and number?)

Before an eventual no (What's your name again?)

{Hook}

Juliet

Juliet

{Bridge}

Catch your name and number in reflections after dark

Scratch your name and number on my flesh and call it modern art

Catch your name and number in reflections after dark

Scratch your name and number on my flesh and call it modern art

{Hook}
