

Swing Out Sister - Purple Snowflakes

{Verse 1}

Softly they fall, where do they go?

(Purple snowflakes)

Cover the ground, without a sound

(Gentle snowflakes)

Fall from the sky, before your eyes

(It's so thrilling)

Blankets of white, brighten the night

(Such a feeling)

{Bridge}

They seem to say that our love is here to stay

We'll be cozy and warm until summer flowers bloom

{Verse 2}

Here in our midst, we're surely blessed

(Chestnuts roasting)

Over the heat, gee, ain't life sweet?

(Tootsies toasting)

Drifting on air, without a care

(Purple snowflakes)

Cover the ground, without a sound

(Love the snowflakes)

As sure as snowflakes fall from the gloom

I will always remember this night here with you

Hey, snowflakes, pretty purple snowflakes

Snowflakes, pretty purple snowflakes

{Verse 3}

Here in our midst, we're surely blessed

(Chestnuts roasting)

Over the heat, gee, ain't life sweet?

(Tootsies toasting)

Drifting on air, without a care

(Purple snowflakes)

Cover the ground, without a sound

(Purple snowflakes)

As sure as snowflakes fall from the gloom

I will always remember this night here with you

{Outro}

And I say snowflakes, pretty purple snowflakes

(Snowflakes, pretty purple snowflakes)

I'll always remember the snowflakes

(Snowflakes) And you, baby

(Pretty purple snowflakes) And you

Snowflakes are falling (Snowflakes)

Falling, falling (Pretty purple snowflakes)

I've got you in my arms

Snowflakes
