All over you, f*ckin you like it's Date Night

You know you ain't right

Taking it DEEP, like Great White

Got u screaming like Papi, May I ?

Filet mignon, no steak knife

Turn you on, like it's daylight

Lift your legs

On inside your sea (On inside your sea)

Hope you can stand it

Long as you're with me

Bite your areolas, hold ya

And rub your feet

"Cum Again" and

We gon need the B.I.B.L.E (B.I.B.L.E)

Beat it up (Beat it up)

You somehow could be my future

But that there I cannot promise

Hopping on every inch

Getting all you can get

Kissing all on my ****

Whispering, "Will it fit?"

After your lower lips are licked

How about a house and yard?
Under stars you can see in the dark?
Walks by the lake and the park?
Not too late, not too far?
Ripping your panties off?
We ** like no tomorrow?**
Married, two kids and a car?
Wake up, eat something, we gone?

Girl, you know what the hell I mean (know what I mean)
Stop that BS and be my Queen, uh huh
You know you love taking all this D
And Possibly the Greatest, my Ali
(you're the greatest)
I work day and night so we
Never have less than Prince or King (you know, you know)
I might be on my way to buy that ring
Put that thing on your left-hand finger, bling!

You Know
You Know
You Know, You Know
You Knooow, You Knooow
(Just tell me wussup)
You Know
You Know, You know
You Know, You Know
