**Could you 'cause me pain baby imma do the same**

**Need that pussy wet, need it like a water slide**

**Look into my soul, shawty what could you find**

**Nah, i'm playing, that's a joke**

**We both know it's empty**

**The is a lot of reasons why i chase what i could be**

I live my life for me, i ain't doing it for no one  
I could lose chains, i could lose the fans  
I could lose the fam, i could lose it all  
I'll still be on that mic  
I don't get how you don't get it  
You don't gotta say it, i know am underrated  
I know they never loved me  
But i gain the respect in the end, man it's funny  
They see me on the line-up, next thing they calling me their homie  
If we could take it back to high school  
Times you used to act it cool  
Calling me a damn fool
