{Verse 1}

Listen, my clique is vicious

Don't get it twisted, we wicked

We dripping in something vintage

Maybach is what we whipped in

Huh

Really only my friends know

Cause it's 'bout as dark as that tint goes

It go blah!

Man, I don't break tradish'

Got Cartier on my fingertips

And a fine one on my lips

Need a nice pool to take dips

Studio to make hits

Private plane to take trips

Ima' need a custom dress for your hips

I tell em whoa

Why you looking so formal?

White house, drop crotch, that's normal

I'm in France, bonjour yo

And I'm so done

New year, that's king time

Msfts, new clothes and that's spring time

Bling bling time

Don't got time to you, bring time

Just whhat up, ching ching time

{Hook}

Yeah the Msfts run the city, yeah the Msfts run the city

Msfts run the city, Msfts run the city

Gotta tear it all down cause the Msfts run the city

Got a fine girl named Dominique, Cool Tape for that nominee

I was in the club, there's no crown for me

So when the cops come, there's no time to see cause the

Msfts run the city, Msfts run the city

Gotta tear it all down cause the Msfts run the...

{Verse 2:}

Man, I'm walking in like bingo

My team go and that green go

I mingle cause I'm single

Come catch onto our lingo
