

## **Omega McBride - So Be It**

**For thine is the Kingdom  
And the Power  
And the Glory  
Forever And Ever And Ever  
Amen**

**I walked the street to the Chi city  
A fly city, my city  
Plenty people ready to die city  
Over a 180 churches in my neighborhood  
Young mothers having babies, they're hurting  
Single parenthood  
And she wondering what she gonna do  
When her baby daddy's mistreating and beating  
Saying, it's on you**

**Onto how she went to church every Sunday  
Now, she don't  
Fearing the worst of what people gone say**

**So she stays in  
Her and sin became friends  
No longer prays and  
Now, she hates men  
People inquiring about her disappearance  
Gossiping spirits and still nobody went by to  
Visit**

**She remains on Satan's side of the lane  
Was a part of the body but no one came or  
Called her name**

**What a shame**

**But if we will see ourselves and sisters and  
Brothers**

**No one would be seeking their own but the  
Good of others Amen**

**This thing is about unity**

**And he's in the midst of you & me**

**If two or three agree**

**(Gotta learn to agree)**

**Like-minded**

**Meaning, thinking the same**

**If one part of the body is hurting**

**You feeling their pain**

**(Come on!)**

**I'm saying, Amen**

**Our mindsets**

**'Cause he thought it really wasn't a big deal**

**To go to the front lawn, play on his Big Wheel**

**And chill**

**When he was home with his mama, he would**

**Get on his nerves**

**So she would send them out and tell him to stay**

**Close to the curb**

**Until that day when daddy arrived back and**

**Pulled up like a blind bat in the Caddy I lack**

**(Cadillac) Maybe dad snapped**

'Cause he had blood on his shirt  
His son ran into the house so that he wouldn't  
Get hurt

And he hid under the stairs, completely out of  
The scene  
Grabbed ahold of his ears as his mother  
Shouted and screamed

Holding his breath like he was tryna get rid of  
Hiccups  
Daddy dying from a womb  
The victim of a stickup  
Amen

This thing is about unity  
And he's in the midst of you & me  
If two or three agree  
(Gotta learn to agree)  
Like-minded  
Meaning, thinking the same  
If one part of the body is hurting  
You feeling their pain

I'm saying, Amen  
This thing is about unity  
And he's in the midst of you & me  
If two or three agree

Like-minded  
Meaning, thinking the same  
If one part of the body is hurting

**You feeling their pain**

**Amen**
