

Sacri - brush your teeth

[Chorus]

**You gotta go brush your teeth
Or else there will be cavities underneath
You gotta go brush your teeth
Or else you won't be free**

[Verse 1]

**It's just a measly few minutes, I'll get it done
But sitting there and scrubbing is no fun
I really do try
To brush and scrub them dry
I hope that you'll brush your teeth
When it's done you'll feel so much relief**

[Chorus]

**You gotta go brush your teeth
Or else there will be cavities underneath
You gotta go brush your teeth
Or else you won't be free**

**You gotta go brush your teeth
Or else there will be cavities underneath
You gotta go brush your teeth
Or else you won't be free**

[Verse 2]

**I am the CEO of brushing your teeth
And I have just one thing to say
Brushing your teeth is really okay
And you have to do it to this very day**

**You have to do it all the time
I swear that it's not a crime
It's human in nature to not want to brush
But you gotta go against that natural rush**

[Chorus]

**You gotta go brush your teeth (You do!)
Or else there will be cavities underneath (Yeah)
You gotta go brush your teeth (You gotta)
Or else you won't be free
You gotta go brush
You gotta go brush (Gotta go)
You gotta go brush
You gotta go brush (Yeah)**

**You gotta go brush
You gotta go brush (You gotta)
You gotta go brush
You gotta go brush (I'm the CEO!)**
