

FanBoy808 - Wasn't meant to be

I'm lost, theres no doubt
And theres no way i'm getting out
I'll cry and i'll pout but
I'll always wonder how
Spending my days in my bed
I rilly wish i was dead
But i'll sit at my computer
And play video games instead
Theres nothing left for me
I see it over-seas
It just isnt meant to be
And its starting to get to me
{?} (idk this entire section)
