

Gee Threee - #Infinitedream

{Intro}

**Drivin' down this road for like far too long
Ain't no turnin' back-back, too far gone
I try to make it right, even though I'm wrong
I try to make it right, even though I'm wrong**

{Refrain}

**Oh woah
You don' know anything about me
You don' know anything about me**

{Chorus}

**You don' know anything about me
You don' know anything about me
Keep my fuckin' name up out your mouth 'B'
Keep my fuckin' name up out your mouth
Woah, you don' know anything about me (oh woah)
You don' know anything about
Woah, keep my fuckin' name up out your mouth 'B'
Keep my fuckin' name up out your mouth 'B' woah (oh woah)**

{Verse}

**Drivin' down this road for like far too long
Ain't no turnin' back 'cause I'm too far gone
I try to make it right, even though I'm wrong
I try to make it right, even though I'm wrong**

{Refrain}

**Damn
Now I'm sittin' here
See it in your eyes and my vision clear
When I look at you I'm lookin' in a mirror**

'Cause when it falls down yah you disappear
