

Huntaps - TURNT UP

[chorus]

All my diamonds dancing, dripping water like a whale (splash)

All your bitches fat as fuck i thought she was a whale

All my shawties fine as fuck they gon listen do what i tell (yeah they do)

My whole crew stay solid, we don't ever sell, hah (nope)

Taking shots of ciroc straight from the handle, hah (ciroc, ciroc, ciroc)

Tried to put it in the bang, flavors didn't mix well, hah (vang, vang, vang)

Hear the words i'm speaking and they like what the hell, hah (man you tweaking)

I'm just turnt up, i don't give a fuck bout how i sound (yeah)

I'm just turnt up (yeah)

I'm just turnt up (yeah)

I'm just turnt up (yeah)

I'm just turnt up (yeah)

I'm just turnt up (yeah, yeah)

I'm just turnt up (yeah, yeah)

I'm just turnt up (yeah, yeah, yeah, yeah)

[verse]

I stay turnt up, why you never turnt enough? (what the fuck)

Always straight from the bottle in a solo cup (let's get it)

My girl think i'm playing games but i really ain't (i'm not)

I say what i really mean, my real thoughts when i'm off the drank (let's go)

Yeah, when i'm off the liquor (woo)

I was gonna go smash your bitch but i got a girl who way thicker (fax)

I told everyone i knew that i'd become like way richer (i will)

I told everyone i knew that i'd go and cop that plain richard (i will)

But i still don't got it yet

I still need that private jet

Yeah and i need my mothafucking respect

Yeah and i need bro to slide thru with some hitek

Been sipping this ox, i can't feel my legs (lean)

It's all about moderation, if i didn't do that then i'd be dead

When it comes to the thotties, i don't really need puss just want some head

Love talking about thotties cause girls always ask if a song about them (stop it)

When i tell 'em no i'm just capping cause for the most part, yeah it is

No it's not it, yeah it is

No it's not, yeah it is

Shawty so go ahead and tell all your friends (tell 'em)

Bring 'em in, come to the back my whole crew at the crib (tell 'em)

All of this shit i be doing just to achieve my ends (tell 'em)

All of this work i be putting in, something gotta give (tell 'em)

Fell asleeeeeeep on the couch (mimimimi)

Had a bluntskiii in my mouth (i'm smoking gas)

A couple of spilled drinks on the ground (way too many)

Crack one open, it's time for the rebound (let's go!)
