

Huntaps - SUBCONSCIOUS

|intro|

Yeah

Yeah, i'm just in the studio

It's 9:35, wednesday night, april 13th, 2022

|chorus|

Blazed up now my inner demon i hear him talking (what he say?)

Way up, head stuck in the clouds got me sky walking (i'm tweaking)

What's up? what's the move today let's get it popping (let's go)

Deep down my subconscious tryna give me problems (what the fuck)

I'm all alone with my thoughts, my subconscious is my biggest enemy

I'm all alone with my thots, i'm thanos, she suck on my stones for infinity
(yeah)

I'm all alone with my thoughts, my subconscious is my biggest enemy

I'm all alone with my thots, grace, kiah, kinsley, that's a holy trinity

|verse 1|

I stopped writing verses cause i'm a visionary, i think idÐµas and i execute

My mind crazy if i said Ðµeverything that came to it

They'd put me in the chair and electrocute

I keep hearing a voice in the back of my head not sure if it's talking to m
e or to you

Whatever i say don't take it to heart cause i was probably tweaking out all
day in the (what)

Stu, seems like the beat be my only friend (damn)

True, but i'm with dolla, he packed the bowl again (yeah)

Cool, we don't condone this life full of sin (we do not)

It just kinda happened, never meant to be like this (nope)

Got me reflecting on myself like is this really me? (what the fuck)

Whenever i look into the mirror all i see is an enemy (i'm my own opp)

Every night i keep pushing myself further, it might be the end of me (damn)

Life like music, gotta go harder whenever you drop a new lp (that's fax)

And that's what this is bro (ooouu)
Clyde legend can't deny it, no (ooouu)
Had to make this shit to let 'em know (ooouuu)
Jvkc still the team and huntaps on the beat ho

[chorus]

Blazed up now my inner demon i hear him talking (chatter, chatter)

I'm all alone with my thots, grace, kiah, kinsley, that's a holy trinity
(what the, did he say that?)

[verse 2]

Might rap about these thotties but i only got one girl she hold me down solid
Ain't gon drop her name in a song cause we cool like that, i don't gotta ta
lk about it
Probably gon come off wrong but she know the deal that's my baby girl
I don't need all these weirdos looking her up, i'm hiding her from the world
On my drake vibe, yeah
I keep hearing all this talk thru the grapevines, yeah
Throwing subs like i don't know, you next in line, yeah
On my diss list, your name is right by some rhymes, yeah
