

## Huntaps - JUICE WRLD

[chorus: huntaps]

Put some in my pop and now i'm leaning  
College wack how i'm in class and fiending  
All i wanna do is stack bank like the riemans  
Cop a jet and drop some bands right at the (where?)  
Neimans, i smash her right, pulling out she get no (what)  
Semen (ay)  
You can't understand this shit, you can't see the meaning  
Green and red got me lucid dreaming

[verse 1: huntaps]

Like juice wrld i'ma get high on the flight (r.i.p.)  
Woke up with no hours of sleep i partied all night (let's get lit)  
The last time i might be in the city cause i'm going to the west  
Eastern standard time no morÐµ, gotta catch up on some rest (fax)  
Take a quick lil napski rÐµlieve some stress  
But after that it's no breaks  
The weather stay nice i'm motivated to never see them snowflakes  
To never see them cold days  
That's why i'm all work, no play  
Been keeping my distance from everybody cause honestly don't know what to s  
ay (it sucks)  
And you know that shits a struggle  
This the life i envisioned, had to break out of my bubble  
So why's it hard to leave? cause so many people love ya  
Have to make the hard decisions, this a bag i cannot fumble (no)
