

BOOTS - Dust

{Produced by Boots}

{Intro}

Yeah, bye

{Verse 1}

Your love is a whitewashed flower

Every second is an hour so my pockets feel slimmer, baby

Your love is a cold damp shower

Lick the sweat from your neck, hit the deck, hit the dimmer, baby

Your legs suffocate my waist

Givin' chase through the tower cause your love is your power, baby

Your love, yeah

{Hook}

When I'm with you

Who am I?

When I'm with you

All through the night, baby, the night

When I'm with you

Who am I?

Oh baby my love sinks deeper as you drown in lust

The webs you spin immortalized in dust

{Verse 2}

Your love is a fire gettin' nearer

It's a stranger in the mirror, it's a goddamned sinner, baby

Your love is a drop-top, gridlock

Space walk, dirty talk, fuck it if they hear us, baby

Your love is under your control

Yeah, the ground shakes when you shake

And you take what I give if I give what you take

{Hook x2}

{Outro}

Did I forget your name?

Baby you don't buy it

And everything could change

Don't mean nothin' by it

Do you forget my name?

Baby I don't buy it

Oh no, oh no, oh no
