

BOOTS - No More

{intro}

Yea, shlohmo

Eh let me low

Oh yea

Yea, turn it up

{pre-hook}

Well

Emotions known to take away your buzz

I know your name

Tell me what you're really waiting for

{hook}

I know you know

I don't wanna wait, i don't wanna wait no more

I don't wanna wait, i don't wanna wait no more

No more

The way you live it up and let me rub you down, oh

I won't let it out until you let me know if you love it

{verse 2}

Just admit that you got it baby

Ain't you ready to go?

And you wit it you know it lady

Tell me baby i know

Tell me reason she still here waitin'

And you've felt this before

All i want is you now and later

Go wherever i go

Go whatever i do

Go wherever i go

Go whatever, you know

{hook}

{boots: verse 3}

Are the sights aligned?

Did i aim too high?

Are the stars aligned?

Do i get too high?

Does the water still flow up to your knees

Pom-poms in your hand you could be my main squeeze

I might lie to the stans

I might fly to japan

I just lost translation, speaking japanese

Snakes

Crawling up my legs

Space

I keep falling off the ledge

Checks won't cash for my dead-broke ass

I don't got a dime yet, 20 million on blast

I don't rest no more

Don't get stressed no more

You gotta wrap it up every single time

So a mother fucker gotta get a test no more

Skip to your lou my lou

Got nobody that i know, no crew

Got no money that i owe, old news

People act funny when i sing the blues

Your pussy taste like apple juice

Baby that's a juice box

Baby you're a stone fox

Or maybe you're a gold watch

But i rust around the dust you clarify

Shaking in your bones you're terrified

Taking off your clothes how low can we go

Limbo through the door lemme verify

She could never love me like the way that i could love her

Cuz there'll never be another like me never be another

Leave me trust me lust me hush me turn your mind off fuck you, fuck me

It's getting cold tonight

The snow falls out of tune

Sorry shit gets ugly

Things get gnarly

Trapped at all these parties

I'm in disguise

You're in denial

But i'm still on trial

You're on my mind

No more
