

## **Sewerperson - Attitude**

I had to quit my drinking that shit started giving me attitude  
Triple x bottle of pills on top my dresser giving me altitude  
Look it how far we came is crazy u are not showing me gratitude  
Maybe if i stopped caring id be complete inside my solitude  
I had to quit my drinking that shit started giving me gut rot  
Baby i know we never think about it till catches up  
Last thing i could care about going to bed is if i waking up  
Honestly these drugs won't stop the pain i feel from adding up

I could do it myself bitch leave me alone  
Im gonna dig myself out since i got here on my own  
It feel just like moving out because this substance was my home  
It was so bad shed call on me and i just couldn't hold up my phone  
If im an asshole then u must be a dickhead too  
She like baby im sorry i think i just had misread u  
Ok cool i guess  
I do not care to hear it  
I cannot fix my image if u keep on coming in trying smear it back worse  
I had to quit my drinking that shit started giving me attitude

Spark light paintings  
On the summer night pavement  
I am so impatient  
But for you id not mind waiting

Could u say u love me again  
As i sit here aging  
I could tell by ur face its hard to
