

## **BOOTS - Dreams**

**{Hook: BOOTS}**

All my life I've been dreaming of you  
I've been dreaming of you, I've been dreaming of you  
Dreaming of you

**{Verse 1: BOOTS}**

Stop asking so many questions now  
I slip on your slip, but got a long, long way to go  
You got a long, long way to go  
I sleep on the floor-boards, I kiss the ground  
My heart is a stone, I got a long, long way to go  
I got a long, long way to go

**{Hook}**

All my life I've been dreaming of you  
I've been dreaming of you, I've been dreaming of you  
Dreaming of you

**{Verse 2: BOOTS}**

Yeah, I know the problems I'm left with  
See I know the leaves were our first gifts  
I know how I hurt you, I'm certain my tongue sets on fire, a furnace  
Yeah, we'll always find a way and we'll always find a way  
A way, a way to wake up  
A way, a way, a way, a way

**{Hook: Beyoncé & BOOTS}**

All my life I've been dreaming of you  
I've been dreaming of you, I've been dreaming of you  
Dreaming of you

**{Verse 3: Beyoncé}**

**Cause baby we got a lot of life to live  
You're the only one that I would stand by  
And baby we got a lot of love to give  
Maybe we could put the whole world on standby**

**{Hook: Beyoncé & BOOTS}**

**All my life I've been dreaming of you  
I've been dreaming of you, I've been dreaming of you  
Dreaming of you**
