

BOOTS - My Heart Is A Stone Today

{Verse 1}

**My arms are freezing babe
I wish that they would warm
My heart is a stone today
Oh mischief is the throne to save
Off the saddle
Into battle
Run, run, run, run, run
Lemme run, run, run, run, run**

{Verse 2}

**My eyes have been stolen babe
You look right through
Your pedals fell off today
We landed on the moon to stay
Temper temple
When you trample
I run, run, run, run away
Lemme run, run, run, run**

{Hook} x2

**I thought that I could leave you unharmed
Baby let me leave you unharmed
You know that I wanna leave you unharmed
Baby let me leave you unharmed**

{Bridge}

**We're wild
Been ready for a while**

{Bridge 2}

In my dreams

In our sleep
In my dreams
Fall, fall sleep

{Verse 3}

My arms are freezing babe
I wish that they would warm
My lungs are still weezing babe
{?} is gone
Off the saddle, into battle
Run, run, run, run, run
Lemme run, run, run, run, run

{Hook} x2

{Bridge}

{Verse 4}

My oh my
How the days went flying by
How did we collide
I'll never leave your side
These hearts will beat in time
Just keep your eyes on mine
See I don't need a dime or a thing
I just need you
That's why I love you most
My heart was made of stone
But I fell for a ghost
